Regular oral hygiene appointments are critical to your overall health. Our hygienists use the latest in technology to insure you are receiving the best oral care. Dr. Cole has established high professional expectations regarding the care you receive during a regular periodontal appointment. These expectations adhere strictly with the recommendations of the American Dental Association.

If you are visiting our office for a dental procedure, one of our experienced dental assistants will guide you to the operatory where your medical history will be reviewed. The procedure will be explained and any questions you have will be answered. For your comfort, noise reduction Bose headphones and Dish Network are available to provide you extra comfort.

Dr. Cole will complete the procedure proficiently, making sure you are as comfortable as possible. He continually strives to perfect the art of dentistry. Dr. Cole has an intense passion for dentistry and a genuine concern for patient comfort.

After your procedure, you may be offered a warm towel, some Blistex and Ibuprofen as needed. If further instructions are necessary for post-procedural care, they will be explained to you as well.

Any subsequent appointments you may need will be scheduled and a cost estimate will be given to you before you leave the office. If you are unable to keep your next appointment, we request that you call at least 48 hours in advance to reschedule.

Our accounts manager will gladly bill your insurance company for any services rendered. This is done as a courtesy to our patients. Please keep in mind that you are ultimately responsible for payment on your account.

We are confident that your visit to our office will be a pleasurable experience. If you should have any comments, questions, or concerns, please feel free to contact us during regular business hours at (715) 387-1724.

Sincerely,

Barry L. Cole, D.D.S.
